Course Code	Course Type	Regular Semester	Lecture (hours/week)	Seminar (hours/week)	Lab. (hours/week)	Credits	ECTS
LAW 303	N/A	Fall	3.00	0.00	0.00	3.00	4.00
Lecturer		Erilda Ajaz, Msc					
Assistant							
Course language		Albanian					
Course level		Bachelor					
Description		This course is designed to assist students in understanding the legal and psychological approaches to human behavior and how they interact. This course considers diverse points of view, focuses on a wide range of arguments based on varying types of evidence, is self-contained and therefore does not presuppose prior work in psychology or in law, and welcomes comments and suggestions					
Objectives		Students explore how psychological concepts are applied to the criminal and legal processes through the fields of forensic and investigative psychology.					
Core Concepts
