Description		Criminal procedural law studies the criminal procedural rules of a criminal process in all its phases, the controversial problems in the practice of the criminal procedure, as well as the decisions to solve these problems with the decisions of the Constitutional Court or the Supreme Court.					
Objectives		The program of the subject "Criminal Procedural Law" aims to acquaint the student with: • The understanding of criminal procedural law, with the history of its development in the Republic of Albania and its compatibility with international acts and the applicable legal framework in relation to it. • Subjects of criminal proceedings, jurisdiction, powers, their role, their rights and obligations, as well as the way of functioning during this process. • Criminal procedural acts, notifications and their deadlines. • Evidence in a criminal process, the way of obtaining and gathering them for proving the guilt of the perpetrators of criminal offenses, their invalidity and unusability. • Personal security measures for perpetrators of criminal offenses, types and criteria for their placement. • The procedures that are followed in a criminal process in the investigation and trial phase until the final judicial decisions are made, as well as with their execution. • Jurisdictional relations with foreign authorities in the criminal process and the International Criminal Court. • Controversial problems in the practice of criminal procedure, as well as the decisions to solve these problems with the decisions of the Constitutional Court or the Supreme Court.					
Core Concepts		The course program "Criminal Procedural Law" aims to: 1. To exercise continuous control of the theoretical preparation of students in the knowledge of doctrine and legislation in the field of criminal procedure; 2. Through the seminars, the practical application of the theoretical knowledge gained from this discipline should also be checked; 3. Through various legal cases and practical cases presented for discussion, to acquire practical skills in the correct application of criminal procedural law, as well as for the recognition and interpretation of criminal procedural provisions; 4. At the end of this course, the student must be able to know the basic principles of the Criminal Procedure and the procedures that are followed in a criminal process in the Republic of Albania.
